INSPECTION TOUR OF CITY'S ALLEYS

JOINT COMMITTEE FROM CIVIC LEAGUE, COUNCIL AND CHAMBER OF COMMERCE

WILL START TOUR TOMORROW

Object of Trip Will Be To Find Places Where Clean Up Efforts Are Most Needed

Plans for the clean up which will be undertaken in this city on May 28 and 29 were considered this morning at the weekly session of the Chamber of Commerce directors when a committee from the Civic League appeared and asked for the cooperation of that body. A joint committee including representatives of the Civic League, Chamber of Commerce and city council will start out on a tour of inspection tomorrow afternoon with a view to determining where work is most needed.

Membership of Committees

T. B. Noble, B. J. Bean and J. S. Bridwell will represent the Chamber of Commerce. Aldermen Young, Garlner and Reed the city council and Mesdames J. A. Richolt, M. F. Gaffney, C. R. Hartsoe and Frank Kell the Civic League. This Civic League committee appeared before the directors at their session today and asked the assistance of that body, saying the appointment of a committee was all they wanted at present. Mrs. Richolt said that on Monday Mrs. Darwin of Gainesville a member of the state pure food board had met with the Civic League and told how Gainesville won the second prize in the Texas cleanest city contest at Gainesville, she said the ladies received very little aid from the men.

The above committee was named to represent the Chamber of Commerce and Mr. Gardner said that he and Mr. Young could act as a council committee. Somebody suggested Dr. Reed also he being chairman of the sanitary committee.

"Yes, we want Dr. Reed," said one of the ladies, "we'd like to initiate him."

Begin Inspection Tomorrow

The joint committee will begin its inspection trip tomorrow afternoon at 2 o'clock.

Several other matters received attention at today's session of the directorate. Mayor-elect A. H. Britain was elected a director to fill the vacancy caused by the death of Dr. J. M. Bell.

The new secretary, R. H. Miller, was invited to address those present and responded briefly, saying he wanted the cooperation of every member in his work. There were at present two large industries he said that were considering moving to Wichita Falls and he was especially hopeful of landing one of them. Mr. Kemp expressed the hope that more factories could be secured, saying they were the chief aim of the organization.

J. B. Marlow said that with the exception of Mr. Goblle, few of the secretaries the organization had employed had gotten acquainted with the business men of the city and he suggested that the new one be an exception to this rule.

The directors then adjourned but President Huff before they left the room said that he had received a telegram asking for the indorsements of business men on President Wilson's canal tolls proposition. C. W. Snider, L. A. Kemp, T. B. Noble, W. G. Long, T. I. Taylor and J. B. Marlow said their names might be used in this connection. Directors present today were Messrs. Huff, Gates, O'Reilly, Kemp, Gardner, Hurt, Henderson, Hardy, Marlow, Taylor, Bridwell, Snider, Smith, Noble and Long.

SENATOR CLARKE WINS IN FIRST SKIRMISH AT LITTLE ROCK

By Associated Press.

BECKER'S TRIAL WILL BE RUSHED

STATEMENT OF DAGO FRANK DECLARED HEARSAY BY DISTRICT ATTORNEY

DON'T AFFECT VALLON EITHER

Crofton's Confession Admits Guilt of Other Three But Denies Own Presence at Shooting

By Associated Press.

New York, April 14.—The confession of Dago Frank Crofton made a few hours before he was executed for the part he took in the murder of Herman Rosenthal, the gambler, will not be permitted to interfere in the plans for the second trial of Police Lieutenant Becker.

District Attorney Whitman holds the confession to be hearsay evidence and therefore inadmissable either in the prosecution of Harry Vallon or Becker.

Dago Frank said that Vallon fired a shot at Rosenthal. It was Vallon's testimony that helped convict the four gunmen. Vallon was granted immunity under the stipulation that if it was subsequently shown that he had actually fired upon Rosenthal the immunity would no longer hold good.

Crofton swore he was five miles away at the time the crime was committed and that Whitey Lewis, Sam Schepps and others, although present at the scene of the shooting did not fire any of the shots. Crofton made no attempt however to deny that he was included in the original plot to slay Rosenthal, even admitting that two nights before the gambler was slain he went with other gangsters to look for the intended victim.

Was in Murder Car

They were frightened away from Rosenthal on that occasion by men they thought were detectives. The condemned man also admitted that early on the night of the killing he was in the gray murder car with the gunmen but insisted that he left them before they shot the gambler. He did not explain precisely why he left the other gunmen just prior to the shooting, but two reasons he advanced. One is that he became frightened and the other that he deserted in order to bail out his sweetheart, Jean Gordon, who had been arrested.

The statement, which was made very early in the principal keeper's office about 4 a. m., was the result of the insistent pleas of Crofton's mother and his sister for the truth. They had been there and made an unsuccessful plea to the Governor to save the prisoner's life. Returning to prison near dawn they were met by the warden and taken to the office where they met Crofton.

Mr. Clancy came to Albany and told his story to Superintendent John B. Riley of the State Prison Department and Gov. Glynn. The warden first issued a formal statement reviewing a part of what Crofton told him and later added details which included Crofton's admission that he and other gangsters had sought Rosenthal two nights before the slaying.

The formal statement of the warden follows:

"About 8 o'clock Sunday night Rosenberg asked me to save Frank saying he had nothing to do with the shooting, he was not there. I went over and asked Frank why he did not tell the truth. He replied that he knew what was going on but was not there when the shooting took place. I advised him to tell the whole story. He said if he did they would kill his brothers. I asked whom he meant by they. He replied that there were fifty men in New York he could name. He said, 'I don't care about myself, it's my family I care for.'

"I caused Frank Crofton to be brought from the condemned cell house to the principal keeper's office about 4 o'clock Monday morning. He made the following among other statements in the presence of myself, Principal Keeper McInerney, the chaplain, his mother and his sister. They urged him to tell the whole truth. He hesitated and said:

"'I don't want to make any statement for the public. I do not fear for myself but I do fear for you.'

His sister replied: 'Don't have any fear for us, we will take care of ourselves. God will protect us.'

His mother and sister continued to urge him to tell the truth. He said: 'I did not do the shooting. The men who fired the shots were Gyp, Lonie and Vallon.'

Was Five Miles Away

He said: 'I was five miles away at the time. So far as I know Becker had nothing to with this case. It was a gambler's night.'

He mentioned several raids on gambling houses and said that the story Shapiro told to Commissioner Dougherty was true. He said: 'I told some lies on the stand to prove an alibi for the rest of the boys.' The testimony about the conversation with Rose in the car on the way down was

WILL USE MARINES TO ENFORCE DEMAND FOR SALUTE OF FLAG

Wilson's Cabinet Meets This Morning And Decides That Admiral's Demand Shall Be Backed Up To The Very Limit. Daniels Issues Order

ACTION BRINGS NEW AND GRAVE CRISIS

Entire Naval Fighting Force Of United States Is Being Hurriedly Mobilized In Mexican Waters Today Ready For Eventualities.

By Associated Press.

Washington, D. C., April 14.—BULLETIN—A general concentration of the Atlantic Fleet at Tampico has been ordered by Secretary Daniels following a Cabinet meeting in which President Wilson laid before the members the urgency of enforcing the demand that the American Flag be saluted by the Huerta commander at Tampico as an apology for the arrest of American marines there recently.

All of the ships of the Atlantic fleet at Hampton Roads have been ordered to Tampico. The Battleship South Carolina en route to San Domingo has been intercepted by wireless and ordered to report at the Mexican port. The gunboats Nashville at San Domingo and the Petrel at Boston have been ordered to proceed immediately to Tampico.

The torpedo boat Flotilla has been notified to be ready to join the battleships at Tampico on short notice. The transport Hancock with 800 marines has been ordered to proceed there.

The cabinet had discussed the situation in a two hours meeting at which the general opinion was expressed that the salute must be fired.

After the meeting of the cabinet there was a conspicuous silence on the part of all officers and Secretary Daniels hurried to the navy department where he prepared the orders for the moving of the war vessels.

While the officials said that no ultimatum had been given the mobilization of the fleet at Tampico was intended to put the United States in a position to enforce one should immediate developments make it necessary.

Naval officials received the order eagerly and there was activity and anticipation on every hand.

It was learned authoritatively that while further investigation of the affair had been ordered there was a general feeling that the demand of Rear Admiral Mayo should be backed up.

In the meantime it was ordered the American Charge O'Shaughnessy in Mexico City should continue negotiations with Huerta to accede to the demands of the admiral.

Members of the cabinet hope that no further steps will be necessary to secure compliance but they privately admitted the gravity of the situation.

Mobilization of the fleet under such circumstances whether the marines are landed or not, it is pointed out, in most instances would be construed as an act of war. It has been repeatedly held that the landing of marines under such circumstances would be considered an act of war.

It is said however that if the Huerta commander at Tampico fails to resist any aggressive steps to secure the enforcement of the demand for a salute no serious consequences might result as the United States would feel satisfied with the enforcement of the apology.

PRESIDENT, BRYAN AND LIND CONFER

By Associated Press.

Washington, April 14.—After conferences between President Wilson, Secretary Bryan and John Lind following a cabinet meeting this morning it was announced that before the United States government proceeds further in backing up Rear Admiral Mayo's demand for a salute to the American flag by the Mexican commander at Tampico as an apology for the recent arrest of American marines there that a further investigation will be made into the facts surrounding the incident. All the cabinet members were silent on a situation admittedly grave. They let it be known, however, that a delay did not indicate a disposition on the part of President Wilson to recede from Admiral Mayo's demand.

MAY REQUIRE SEVERAL DAYS

The delay will give an opportunity to investigate Huerta's statement of the affair and Admiral Mayo's report to the federal commander. Officials pointed out the difficulty in communicating with Tampico and it is not unlikely that a delay of several days might result before definite action was decided upon.

When the conference ended Mr. Lind went back to the state department for a conference with officials there. Mr. Lind had given the president an intimate picture of the military situation at Tampico.

Caution Emphasizes Tersity

The tenor of the situation is emphasized by the caution displayed by officials in discussing the matter. It is understood that when the cabinet met today it was made known that Huerta persists in declining to accede to the admiral's demand, although it is understood that his decision is not irrevocable. If he can become convinced that the firing of the salute will not be an affront to Mexican honor.

Transport Under Steam

Naval officers insist that Admiral Mayo should be sustained in his original demand with the possible allowance for time to investigate the matters. This view was also shared by some members of the cabinet today. Meanwhile the big naval transport Hancock is due to have sailed from New Orleans yesterday to join the refugees remaining at that port where 400 marines are ashore. The Hancock is reported to have full steam up and could leave that place with the 400 marines aboard in less than three hours notice.

COMMITS SUICIDE OVER DEATH OF DOWAGER EMPRESS

By Associated Press.

Tokio, April 14.—Count Sigeki, a wealthy Japanese, once who former ly was attached to the dowager empress palace, dressed in white robe and fasted a week praying in a temple on a mountain top for the repose of the empress.

On descending from the mountain he learned of her death and committed suicide.

MARINES HURRYING ABOARD THE HANCOCK

New Orleans, La., April 14.—Five hundred American marines are expected to reach the United States transport Hancock here to proceed to Tampico. News of the order to proceed to Tampico was received with great enthusiasm by the men. It is expected the transport will sail tomorrow.

ANTI CONVENTION AT FORT WORTH IS CALLED OFF

Ferguson Men Hold Rump Meeting Declaring Conspiracy Against Their Candidate

By Associated Press.

Fort Worth, Texas, April 14.—Five of the six members of the committee that called the state wide conference of constructive democrats here today issued a statement at noon calling off the conference which was to have opened at the Savoy Theatre at 2 p. m. More than 150 Ferguson delegates announced connection with the conference called by the committee and announced a convention at the city hall at 2 p. m. The Ferguson men claimed that the conference was not representative that Ferguson delegates would not be recognized by the conference that was called at Dallas and later at Austin and called off by the resignation of Bryan T. Barry, chairman of the committee that issued the call.

APARTMENT HOUSE FIRE FATAL TO 7

BLAZE STARTING IN BASEMENT SHOT UP THROUGH PAPER SHUTE OVER BUILDING

FIREMEN CARRY OUT MANY

Two Women Killed by Jumping—Life Net Saves Several—Two Still Missing

By Associated Press.

Boston, Mass., April 14.—Seven lives were lost in a fire which wrecked the Melvin, a five story brick apartment house at Thomas, Welch and Tenney streets. It was learned no other occupant of the building had been killed. The dead are:

MR. AND MRS. J. R. POWERS and their two year old baby boy
MRS. ALICE SHACKELFORD
MRS. EDITH BEMIS
TWO UNIDENTIFIED WOMEN

Many others among the [illegible] living in the house had narrow escapes and several were injured by jumping. Mrs. Bemis' sister and another woman are missing. Mr. Shackelford and Mrs. Bemis were killed by jumping. The bodies of the other victims were found on the fifth floor.

The fire started in the basement and the flames shot through an elevator shute and elevator. The whole building was alight when the alarm was rung. A woman living near four was the first to see the fire and she ran into the hallway and rang the bells in all the rooms. Firemen carried a number of men and women down the stairways. Several persons escaped by jumping into the nets.

THAW GETS WRIT OF HABEAS CORPUS

U. S. DISTRICT JUDGE HOWEVER, ISSUES NO ORDER FOR PRISONER'S DISCHARGE

CASE TO U. S. SUPREME COURT

Granting of Writ Leaves Thaw's Condition Unchanged for Present—Bail Not Decided

By Associated Press.

Concord, N. H., April 14.—Harry K. Thaw's fate rests in the hands of Justice Edward D. White of the United States supreme court today.

The court says, however, that if Thaw should cross the state line he would be discharged from custody of arrangement that has been made for the case to go to the United States supreme court.

Thaw's petition for claims that he had the right to be released because of imprisonment without trial, the ground it would be improper to detain him longer by the state court.

[illegible] asked for the release of Thaw on his petition for an habeas corpus. Justice Walker will give the decision on the writ with a decision on the merits later in his court.

Her Little Flag.

One little flag was all she had
To hang above her door
When down the street the veterans came
They numbered but a score
Some in the lonely ranks and smiled,
Yet all they did not know
That a brave soul's blood that cannot stained
When charged the gallant foe

His comrades brought it back to her,
She's lost the best of earth—
And when she saw its stains she knew
She'd lost the best on earth
They told her how he held it up
Mid Chickamauga's tide
And kissed its tattered and tattered folds
A moment ere he died

With moistened eyes she seeks that flag
Which march the valiant stay
And not for all the world would she
Its blood stains wash away
With trembling hands she hangs it out
And looks on it with pride
For death its every purpose fulfils
Her own young, gallant dead

One little flag is all she has
To hang above her door
When the veterans go thitherward
She treasures it the more
And when the drumming ranks march by
A silent falls around
For each old grizzled soldier knows
He's treading holy ground

DEPARTMENT OF AGRICULTURE CORN MEAL RECIPES

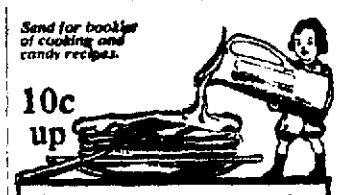
Uncle Sam as a culinary instructor is something new The department is now issuing bulletins, telling the farmers of the nutritious values of food stuffs and the best way of preparing them

The peculiar consistency of corn meal which is a disadvantage under some circumstances, is a great advantage in making griddle cakes and waffles, for it makes them very tender according to a new farmers bulletin issued by the department of agriculture today Among the many corn meal recipes which the bulletin recommends are the following

Corn meal pan cakes Two cups of flour, one half cup of corn meal one and one half tablespoons of baking powder one and one half teaspoons of salt, one third cup of sugar one and one half cups of boiling water one and one-quarter cups of milk one egg Add meal to boiling water and boil five minutes turn into bowl add milk and remaining dry ingredients mixed and sifted then egg well beaten and butter Cook on a greased griddle

Indian pudding Three cups of milk one third of a cup of corn meal one half of a cup of molasses, one teaspoon of salt one teaspoon of sugar Cook milk and meal in a double boiler for twenty minutes, add molasses salt and sugar Add one teaspoon of ginger, pour into buttered pudding dish and bake two hours in slow oven Serve with cream

It is often possible to substitute corn meal for part of the flour in making cakes In some cases there is no special advantage in using it but it is well to know that it can be used in emergencies In making doughnuts there is a decided advantage in substituting corn meal for part of the flour for doughnuts so made are likely to be tender



Pour it on thick.
Use all the Velva you want on biscuits and batter cakes—it's good for you because it is as nourishing as meat.

VELVA

beats *any* syrup you ever did eat—beats it for quality and flavor. The more you eat of Velva, the more you'll want, because it *is* so toothsome and flavory good. You can get Velva from your grocer any time but *now* is the time to start. Redorgreen cans

AN AGRICULTURAL SHORT COURSE PLANNED HERE

A and M College Instructors Will Conduct Demonstrations and Lectures in This City

A short course in agriculture conducted by members of the faculty of the State A & M College is planned for this city in June when the professors will visit a large number of Texas points It is planned to have them here from three to six days lecturing and demonstrating They will also stop at a number of other points in this section of Texas

This city will be called upon to bear the expense of the meeting and the Chamber of Commerce has agreed to defray half the cost The remainder will be raised from among the farmers and stockmen who attend the lectures

This is considered an unusual opportunity for farmers to attend classes of this kind and it is expected that large numbers will avail themselves of the chance afforded F W Campbell district agricultural agent is anxious to see the meeting held for six days if possible

That Hamberger Steak *is* Good

I really thought that almost every woman in town knew what hamberger steak was but I find that I am mistaken After my last week's talk about ground meat for hamberger steak to our Hero Wednesday came in and said they would be glad to try it so that one of them reported that it was a very good meal and that she would like to have it often

I wonder if you would like to give this kind of meat. In cutting up a portion of beef there are lots of pieces that are cut off in order to make some people call them scraps, which they are in hard portions but very good, don't work into goods for sale I grind them up and they make a most excellent steak fried in little hand made cakes Serve them with onions and there is nothing nicer

The price of this ground beef is 20c per pound Better try it this week and you will find it very nice and economical.

Pasqualli's Six Reel Military Drama

CHILDREN 5c ADULTS 15c LOGE SEATS 25c

It's just a crib bank. Yesterday we subscribed for a little bunch of stock in the Times. If everybody and immediately there was a slump in the price of pig iron on the board.

President Wilson has accepted an invitation to deliver a very important address at a luncheon to be given by the Associated Press on April 21st and there will be no other speaker. The committee on arrangements is expecting the attendance of members to be larger than ever before.

Gov. John Lind has announced he will support Col. John Hall for governor not particularly because Hall has been endorsed by prohibition Democrats but with the present line up would support him were he a candidate of his own motion because he thinks Texas at this time needs is her governor a man of experience, ability and courage and in that respect he is of the common that Col. Ball fills the bill in every particular.

An article in yesterday's Times by gar the Sunday School attendance in Wichita Falls on Easter Sunday need it appear that less than 1000 attended. This should have read less than 2000. To be exact the total attendance not including the colored Sunday Schools was 1668. That is a small enough percentage of Sunday School attendance, considering we have a population of 15000 but it is a marked improvement over that day last year and the Sunday School people feel greatly encouraged.

If the Webb law is not valid states with laws regulating the handling and sale of intoxicating liquors are absolutely helpless—writes Judge R. A. Burch of the Kansas Supreme court. To this most people will heartily agree. As long as liquor could be shipped into dry territory without let or hindrance prohibition was ineffective. The Times ventures the prediction that the brewing interests are going to raise a strenuous fight over this issue. As long as the states can have the right to handle the liquor

junction is the majority of their people seem to be going to be anywhere whelming demand for nationwide prohibition. Whenever they are divided that right nation wide prohibition will become a decidedly live issue. The votes of opinion should be very kind to let the Webb-Kenyon law stand.

Examination of the records of the men who died in the electric chair at Sing Sing yesterday shows that all of them were of respectable parentage and that their careers of crime started when they began to roam the streets and form bad associations. This reminds us that there are a lot of boys roaming the streets at all hours of the night here in Wichita Falls. Some of them have already started petty thieving. The next step is the hold up—and there you have your gunmen only a degree removed from the four who paid the penalty yesterday. Two things that ought to be done for the boys are to furnish them with employment and wholesome recreation and make the other restrictions more rigid. The public may be dilatory in its duty to the boys, however, that ought to excuse no parent.

If those Congressmen and Senators who are making such a strong fight against the repeal of the canal tolls exemption are in real earnest about going to provide competition for transcontinental railways they might propose the amendment of the shipping laws to admit the vessels of all the nations to coastwise traffic and allow all the vessels in coastwise traffic passage free of charge. England could not object to this for there would be no discrimination. This would make competition for the transcontinental railways and would be a great boon to the cities and territory on both coasts. The Times is not prepared to endorse such a proposal except as to the admittance of the ships of all nations to American coastwise traffic but in advocating such a proposal there could be no grounds for suspicion that the advocate was working in the interest of the shipping trust. As the shipping laws now stand only American owned ships can engage in coastwise traffic. These ships must also be built in America. The steel trust which builds them and the shipping trust which owns and operates them it appears would be the principal beneficiaries of the toll exemption as it now stands. The whole people would pay the freight.

DEMOCRATS REVERSE STAND AT BALTIMORE

Senator Gore of Oklahoma has written a letter to all the delegates who attended the Baltimore convention to ascertain how they stand on the question of repeal of the free tolls question and of the answers received thus far 38 favor repeal 19 against and 11 non committal. A Washington special to the Dallas News on yesterday regarding this matter is as follows:

Washington April 13.—The most significant development in the contest over the repeal of free tolls granted through the Panama Canal to American coastwise vessels is the preliminary result of a poll being conducted by Senator Gore of Oklahoma among delegates to the Baltimore convention and the tabulated results now promising to be more pronounced for the Administration's position than was anticipated are to be given to the Senate during the debate.

The Baltimore Convention declared in favor of free tolls and upon this the Administration's opponents have rallied to defeat the repeal bill. It is the chief argument among the opposing Senators and was so among members of the House while the bill was pending before them.

With a view of ascertaining the sentiment among delegates to the Baltimore convention on this question as detached from every other Senator Gore addressed a letter to the delegates asking whether they favored or opposed free tolls. The returns have been rapidly coming in during the last few days and tabulated tonight show a vote of 38 in favor of repeal to 19 against and 11 who have on committal a ratio of five to one among the delegates for repeal is the ratio among Democratic Congressmen was ten to one.

Texas Poll Unanimous

But two States have given a majority against repeal. A number of them as far as the returns have been received are found unanimously for the President's position notably Texas and Pennsylvania.

A notable showing is that from among the Illinois delegates twenty four of whom have responded in favor of the Administration's position and two against it.

The letters are accepted as reflecting not only the sentiment among the delegates on the issue as it stood before the convention but of the prevailing sentiment of communities throughout the country and a potent feature of them is the strong appeal against the repeal and privileges and in favor of keeping the National faith. But two letters received from the Southwest have been made public. One is from E. B. Thurmond president of the First National Bank of Sayre Ok. and a delegate to the Baltimore convention who writes: "While I went to the Baltimore convention and voted for Mr. Clark I believe forty five times however I think he is on the wrong side in this fight. I believe that we should stand with the President and that you could not make a mistake in making a strong fight for the President in this matter."

Another from Robert L. Huff an attorney of Wichita Falls Texas and a delegate to the Baltimore convention says: "You will doubtless remember that the report of the platform committee was read late at night after the nomination for President had been made and when but a small portion of the convention was present and that portion in confusion. I think Senator Kern read the report or a great portion of it and his voice was weak and could not be heard by the greater body of the convention. Moreover as there was no minority report the convention supposed that the platform committee had done its duty according to Democratic policy and therefore this section went unchallenged."

AT THE MOVIES

Today at the Empress a seven reel program is to be seen. The first of the House of Stars comedies in six parts a thrilling picture from beginning to end and a masterpiece of photoplay. The other pictures complete the seven reel variety program is "The Story of Cain."

The Majestic

Today the Majestic is giving a benefit to the Pathfinder Club. For the feature attraction "The Two Sergeants" will be shown. "The Two Sergeants" is an army story of mingled passions hatred love jealousy and intrigue. The principal figure in the story is a man who is forced to flee from his family and disguise as a peasant. He enlists as a private soldier in the army in which he formerly served a high rank and through his bravery makes his way up to rank of sergeant. His tender heart and great sympathy gets him and his bosom friend the other sergeant into trouble and they are court martialed. One of them is doomed to die but before it is too late a reprieve comes the sergeant's innocence of the crime for which he was forced to flee from home is revealed.

The Gem

The headliner today at the Gem is a dual in two part political drama "The County Seat War." This is an unusually interesting picture and the crowds are unusually pleased. Two Pagra hi solo reel comedies are also on the program "A Thousand To One Shot" and "Stolen Jewels."

The Victoria

The feature for today at the Victoria is a two reel Biograph Stellan comedy. Mario Mario is a beautiful Italian peasant girl who through her beauty attracts the attention of an American artist and is finally persuaded to pose for him. When her father discovers that she is in love with the artist he forbids her to go to the house so she goes to face the artist. They are very happy for some time but one day there comes a telegram in English and Italo leaves for a promising to return soon and leaving a sum of money and his pictures. When he fails to return and her money is all gone she is in despair. The landlord comes for his rent a dispute follows and the lamp is overturned and the building in which she lives burns. Mario goes to the address that is given on the telegram and arrives a few distant cheers just as the artist and his bride are coming down the stairs married. Mario plunges a stiletto into the heart of her faithless lover and her hot Italian jealousy and passion is avenged in his death. A Mack Sennett slap Keystone comedy goes with this tragedy. A fine column.

The Lydia Margaret

J. Warren Kerrigan is featured in a two reel drama of powerful plot "The Man Between." Universal Ike is known today in Universal like lots of Coal in the slogan runs "there's universal liking for Universal Ike." It used to be All ch Ike but now its Universal Ike and just as good as ever. The vaudeville bills here for the first part of the week are Del monico Losto Company and Baldwin and Blair comedy singers and dancers.

BECKER'S TRIAL TO BE RUSHED

(Continued from Page 1)

next to I was in Pinkey Webber's place when the arrangements were made. I did not know just what the arrangements were. I knew something was coming off. I did not see Louis pick the trunk as I testified on the stand. There were gunshots but not the ones they used.

When asked how he gained this information he said: "I heard the boys talking about it since I was here."

The conversation then related to other matters not directly connected with the Rosenthal murder. He admitted his knowledge of and participation in the preparations for the murder but denied his presence when the actual murder was committed.

According to Mr. Clancy practically everything that Becker said after he started to talk his final statement was voluntary. His defense of Becker came absolutely without suggestion from anyone. The warden maintained

BIG DEPARTMENT STORE WILL BE OPEN ON FRIDAY OR SATURDAY

COSTLY MARBLE SLAB BROKEN

Workmen In Placing Top On Soda Fountain Let Slab Slip and It Breaks Into Pieces

Workmen installing the soda fountain at the new store of the P B M Company yesterday dropped the marble top of the front counter breaking it into a number of pieces and making necessary a delay in the installation of that part of the fixtures for several weeks

The counter is a very beautiful piece of marble costing in the neighborhood of a thousand dollars It is shipped from an Eastern factory and came through without even a scratch but in the erection work it slipped from the hands of the men who were sent from the factory to erect it and was broken in several pieces

The old store of the P B M Company was closed last night and work of moving the stock to the new location in the Pennington building on Indiana avenue was commenced Nearly all of the goods were taken over today and the fixtures are being placed in position The company expects to be open for business by Friday or Saturday at the latest

The new store is one of the most beautiful in this part of the State The interior is finished in gold oak and white The store is fifty feet wide and 140 feet deep At the rear is an electric elevator running to the gallery and the top floor In the main floor the men's goods will be arranged on one side while the other side will be laid for piece goods The center of the main floor will be occupied by the soda fountain and chairs and tables where ladies may enjoy their refreshments

The gallery will be occupied by the bookkeeping and counting department while the second floor will contain the ladies ready to wear goods of all kinds

OIL PRICES HERE DROP TEN CENTS

LOCAL PRODUCERS NOW RECEIVING ONLY 95 CENTS A BARREL FOR CRUDE

REDUCTION POSTED MONDAY

Overproduction in the Oklahoma Fields Assigned as Reason for Drop in Price

The first price reduction in Northwest Texas oil in three years was announced Monday afternoon when the Magnolia Petroleum Company reduced the current quotation on crude from $1.05 to ninety five cents per barrel a slash of ten cents. While local oil men were expecting a reduction on account of the cuts in Oklahoma oil they had anticipated nothing like a dime drop.

Mid continent oil has declined fifteen cents within the past few days and prices here follow the general trend of those in Oklahoma.

The Magnolia's reduction was followed this morning by a similar announcement by the Texas Company and owners of the crude product can get only ninety five cents per barrel for it today.

The price of oil in this field has risen form forty five cents in 1911 to $1.05, climbing slowly with five and three cent jumps until it went above the dollar mark early last winter. There it remained until Monday.

Reese S. Allen whose royalties and separate production give him control of more oil than any independent factor in the field is not affected by the advance as much as most of the independents. Some time ago Mr. Allen bought a 55,000 barrel tank formerly the property of the Wichita Pierce Company at Electra and has been running his oil there and storing it. Other individuals and corporations, without storage facilities must of course take what they can get.

That a refinery in Wichita Falls would serve to keep the price of the crude at a proper level is the opinion of some of the local men and they look forward to the time when such an industry will be established here.

The recent reductions are all due in a general way to overproduction in Oklahoma. Production there has exceeded the storage and refinery facilities of practically all the companies, making a price reduction necessary and it followed naturally that the Magnolia would not pay $1.05 for Northwest Texas oil when it could get the Healdton oil for sixty cent

MIONA FIRST AID TO SICK STOMACHS

WILEY M. FULLER HEADS YOUNG MEN'S FORUM

Officers Elected at Session Monday Night—Mayor Elect Britain Delivers Address

The scheduled debate on the good roads bond issue which was to have been held Monday night in the Young Men's Forum was postponed until a later date owing to the absence of some of the debaters. The evenings program consisted of five talks by half a dozen of the members on varied subjects.

The election of officers for the term was held resulting as follows: Wiley M. Fuller president, John Gandy vice president, P. O. Settle secretary, Barton Stayton sergeant at arms.

The members heard a very interesting and interesting talk by Mayor elect A. H. Britain who spoke of the possibilities of the organization and the work that he hopes to see it undertake. On next Monday night the Forum will debate the question to be solved. That precinct courts and

UNCLE SAM HAS DECLARED WAR ON THE ROOSTER

Washington April 14. Uncle Sam has declared war on the rooster according to a bulletin by the department of agriculture today. It says:

"In the interest of the infertile eggs the poultry specialists of the department of agriculture have started a campaign for the elimination of the rooster among the poultry flocks during the season between May 1 and December 1. It is estimated that one third of the total loss of eggs is due to fertile eggs.

It is pointed out that fertile eggs spoil very quickly if they are subject to the ordinary methods of handling on the farm and when placed during the hot summer months adverse conditions and that infertile eggs will keep in good condition at temperatures which would cause fertile eggs to rot.

Convicts Fight Sterilization

Newark N. J. April 14. Federal Judges Smith McPherson and Pitney today hearing the attack on the new jersey law providing for sterilization of insane and habitual criminals by the state board of parole. The attack is being made by thirty convicts in the state prison who are Fort Madison who have handed together and employed a lawyer. The state parole board has already put the law into force in three insane asylum where fifty operations have been performed. The board issued an order for operations at Fort Madison but it stood with the attorney for the convicts to withhold action until the law can be tested in court. The convicts claim that the law is an violation of their rights guaranteed by the federal constitution.

It Only Takes From $350 to $750 To Own Your Own Home Under Our Building Proposition in Southland Addition

To the first two buyers in each block in Southland Addition, who pay for the lot in cash, the Southland Addition will lend the amount of money needed to build your home and you can pay back the loan in monthly installments.

This is an unusual proposition to home builders and you will never get another chance like it after the required number of applications are filed. Every lot in Southland Addition on the market has sidewalks, sewerage, on or near high pressure water mains, car service, protective restrictions that will prevent abuses against damaging adjoining property, and ideal location. Lots range in price from $350 to $750, 50x150 feet. Now is the time to get your choice of location.

WILL INVITE EAGLES TO HOLD CONVENTION HERE

Chamber of Commerce Will Join With Local Aerie in Extending an Invitation

The 49th state convention of the Fraternal Order of Eagles may be held in Wichita Falls if its meeting Monday night the local lodge of that order decided to invite the state association to meet here next year. It will send a large delegation to the 1914 convention at Fort Worth next month and present this city's claim for the convention as successfully as it can.

A band will be taken along to emphasize this city's invitation, and the Chamber of Commerce has agreed to defray part of the expense. The convention would drive Eagle boosters throughout the State in large number.

ARE YOU
Out of Work?

If so, use the columns of the Times free of charge

We will Find You a Place

For some time the publisher of the Times has been considering a plan whereby the paper could be made more valuable to those seeking employment. Many people find it necessary to curtail even the small expense of advertising for a place when out of work, and for this reason, hereafter the want columns of the paper will be free to any person who is seeking a position, and who is out of work at the time. This does not apply to any person who has a position, and seeks a change. If you are out of work, leave your ad to the Times office. It will be run free of charge for one week.

All other than situation wanted ads in the classified columns of the paper will be at the same rate of 1 cent a word for the first issue and one-half cent per word for each succeeding issue.

Shur-on EYE GLASSES
Stay in place—Grace the face

There is no necessity for any lady to suffer the annoyance of defective sight through the fear that glasses would mar her looks

The glasses of today will rally add to your attractiveness

The mounting is dainty but secure the lenses are not cumbersome but artistic in shape and size the chain fastening serves as an embellishment—a piece of jewelry

We make a careful examination of your eyes and, if they require glasses will fit them properly

THEN and NOW

Our forefathers were not bothered with the high cost of living because they did not live high They got all they paid for It costs more to live now because it is worth more The first valued thing our forefathers possessed was time Today the most valued thing given to mankind is time The man who wastes time in this age is either a sluggard or a fool and will contribute nothing to the worlds progress The people of a score of years ago spent time to save money We spend money to save time A commercial concern that does not save time is a back number and ought to go to the scrap heap before competition puts it there Our mission on earth is to make life easier for you with a service that gets close to perfection We have eliminated the word WAIT We are "NEVER JUST WITH A CAR COMING" We have the goods and they go by a fast messenger Use us in emergencies

LET US SHOW YOU STATIONERY

You will be pleased with the beauty of the new styles we can show. It's a hobby with us to carry a line that the most exacting taste can appreciate. For that reason, we have put in the Whiting Brands, recognized the world over as being the acme of perfection in correspondence papers. We show now the newest shapes in crash, linen finish, vellum finish, and kid finish in both initial and plain in cabinets from 35c up. Will be glad to send samples for your approval.

WHY WE WENT INTO THE COFEEE ROASTING BUSINESS

We have been playing the game for twenty-five years and always paid particular attention to coffee.
Always had a great deal of trouble in getting blends to suit us and for years before we commenced to roast bought our different coffees roasted separately and blended them ourselves and always enjoyed a splendid coffee business but coffees don't blend perfectly except in the roaster where the different flavors can combine harmoniously.
Years ago we bought a hand power roaster and experimented on a small scale but our business soon outgrew this and we had to go back to the Roaster.
In 1909 we built a small building at the rear of our store and rigged up the hand roaster with a motor and commenced to roast our coffee but did not let the public know we were doing so as we wished an unbiased verdict. Inside of ninety days our business had quadrupled and become too big to handle with our little plant so we ordered our coffees roasted again and went East to purchase a plant large enough to handle our increasing business. We bought the very best and up-to-date machinery obtainable and came back unafraid to ADVERTISE THE FACT THAT WE ROAST OUR OWN COFFEES, and since that time our business has increased faster than we dreamed. So we know we are right.
If you are using our FRESH ROASTED COFFEES there's nothing to say. If not, would be pleased to show you the difference.
